VVS HOSPITAL · HOSPITAL ERP · GUIDE

Cash and shifts

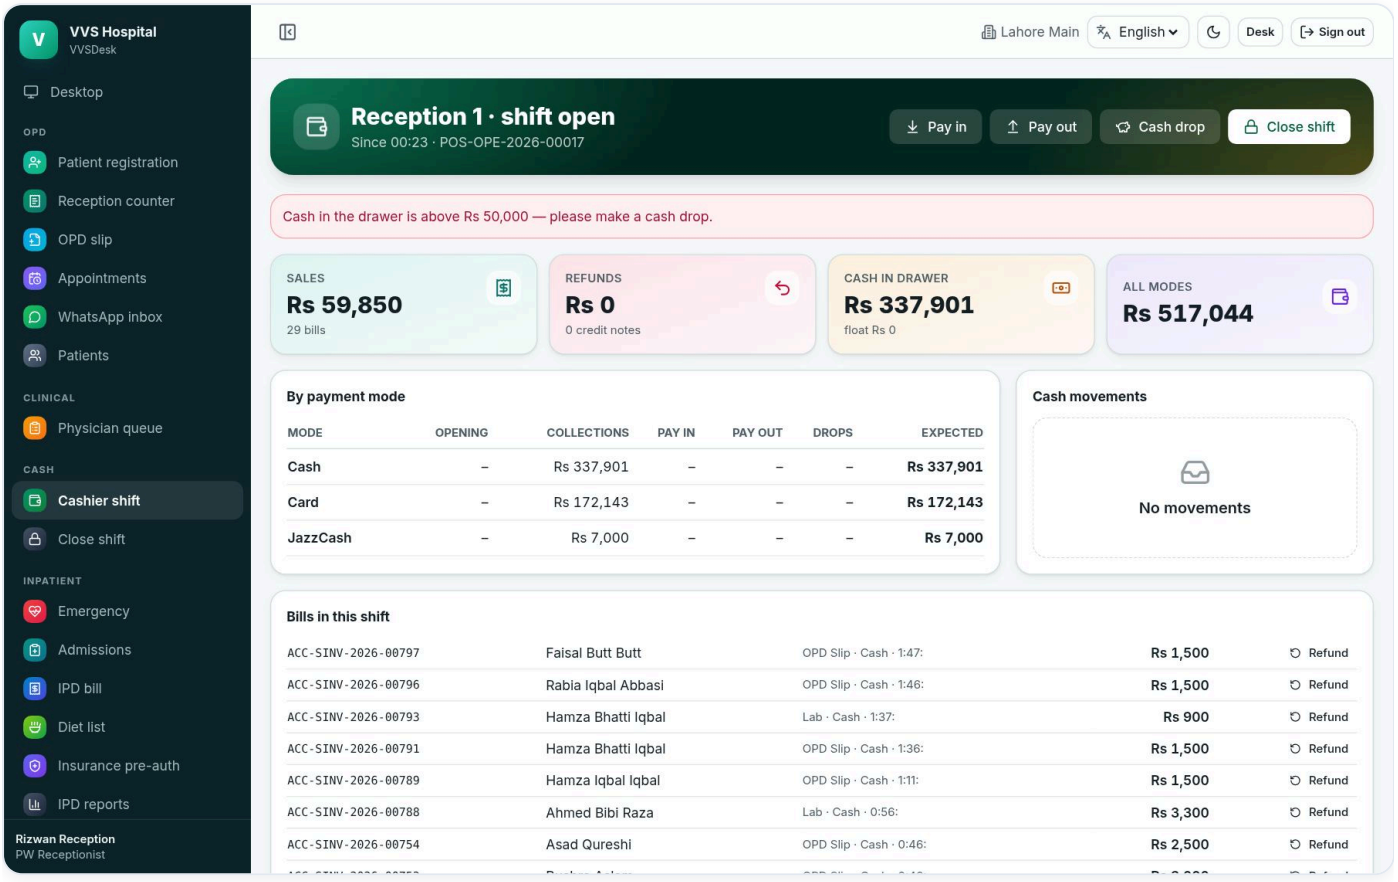

Opening a shift, collecting, petty cash and drops, closing with the note count, and supervisor approval.

1. Open | 2. Collect | 3. Pay in / out | 4. Close | 5. Approve

For: Cashiers and the cash supervisor · 12 November 2026 · Open the app at /hms and follow along; each screen shown here is the live app.

1 Open and run the shift

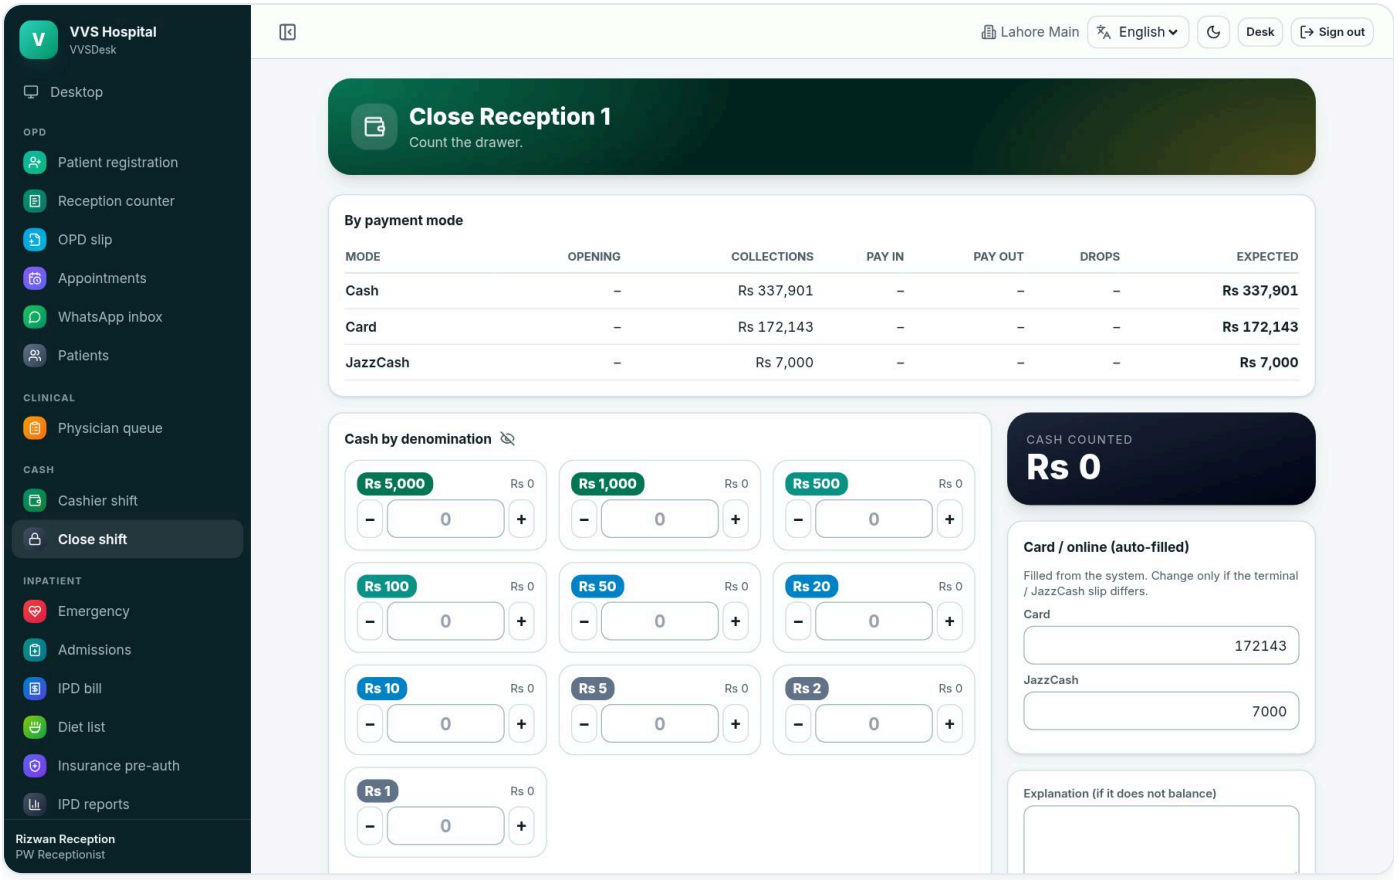

1. **Cashier shift** → counter → opening float → **Open shift**.
2. Every receipt, refund and IPD payment belongs to the shift.
3. **Pay in** / **Pay out** with a reason; **Cash drop** to the safe (supervisor confirms).

Cashier shift

2 Close the shift

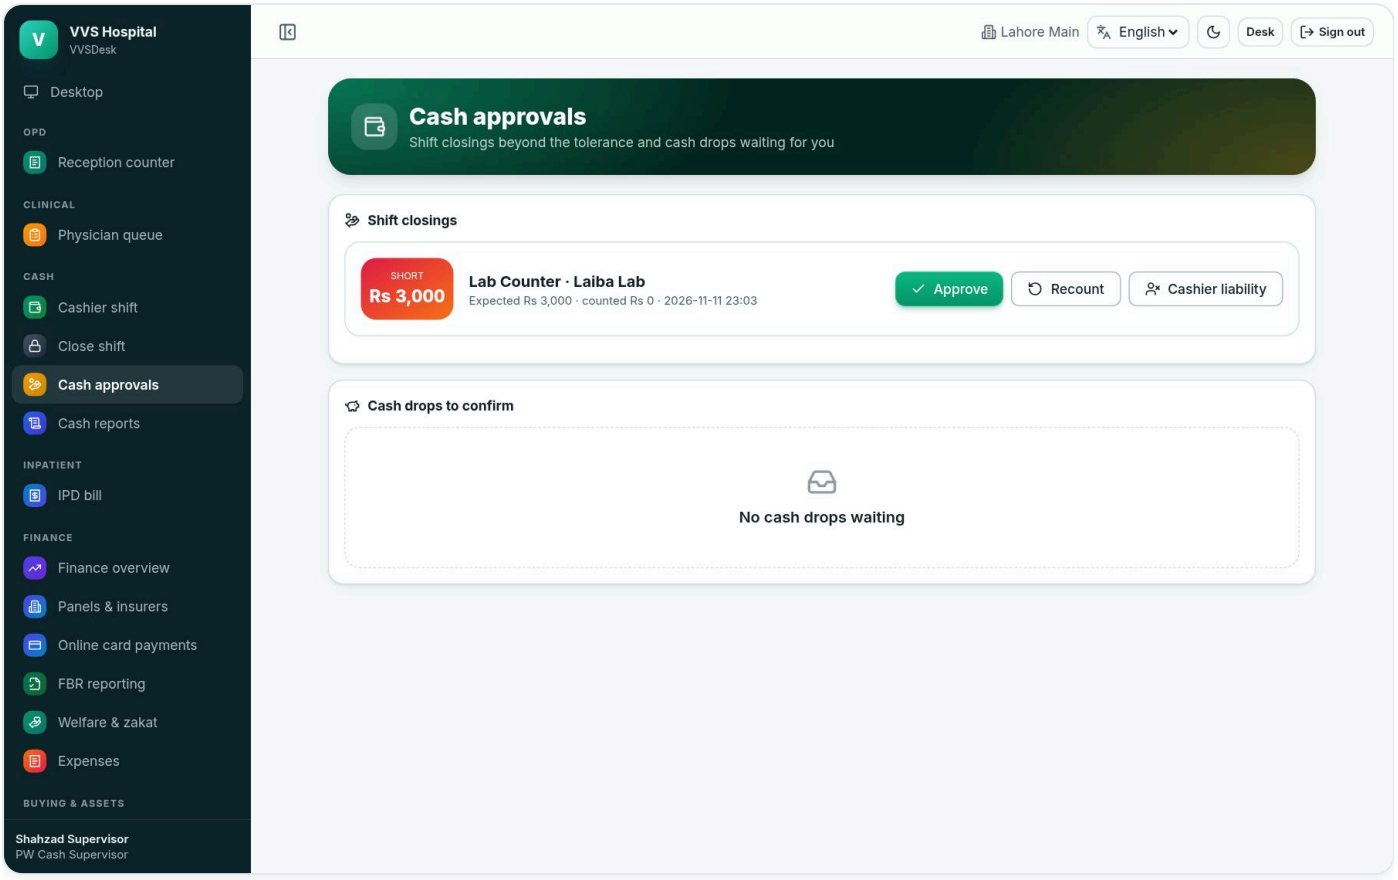

1. **Close shift**: the *By payment mode* card shows the expected figures.
2. Count cash by denomination. Card, JazzCash, Easypaisa and bank are filled in from the system — change only if the slip differs.
3. **Submit count**: balanced / within tolerance closes; otherwise the supervisor decides.

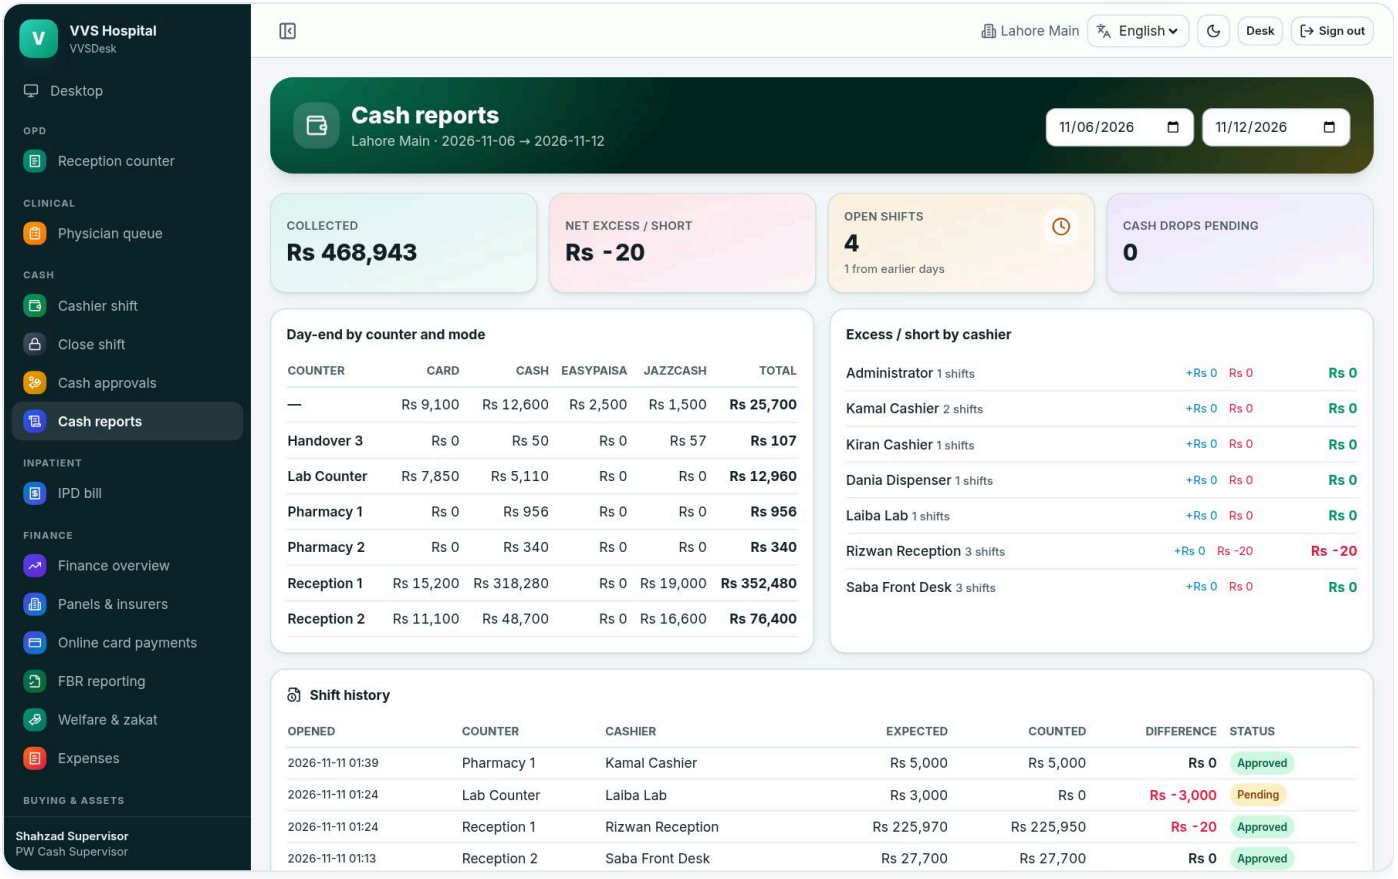

Close shift

3 Supervisor

1. **Cash approvals**: approve short / excess or ask for a recount; confirm cash drops.
2. **Discount approvals** and **Cash reports**.
