Wards & emergency: admission to discharge

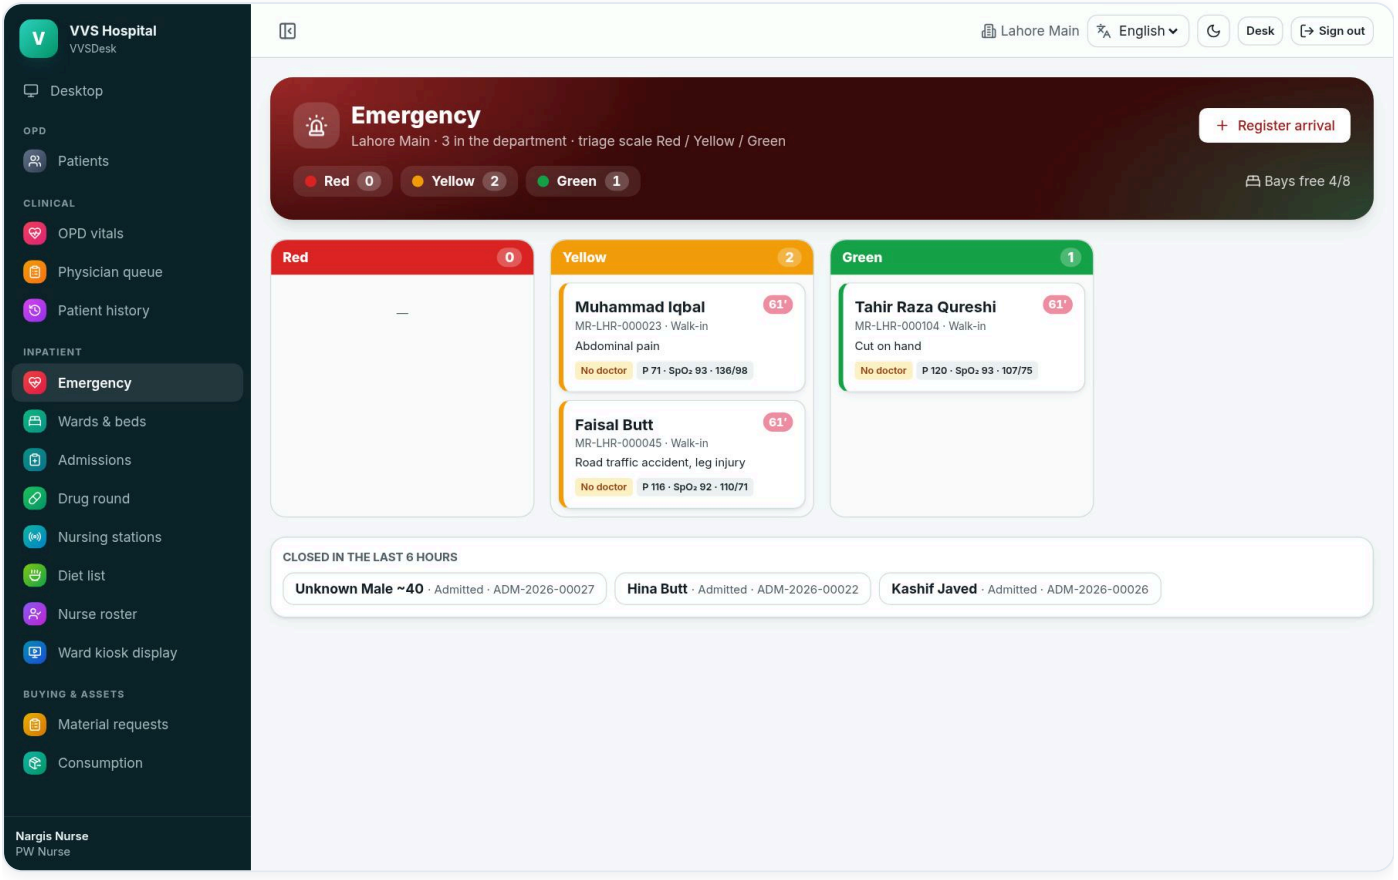

Emergency arrivals and triage, admission with an advance, ward care, discharge summary, final bill and discharge.

1. Emergency | 2. Admit | 3. Ward care | 4. Summary | 5. Final bill | 6. Discharge

For: Doctors, nurses, reception, accounts · 12 November 2026 · Open the app at /hms and follow along; each screen shown here is the live app.

1 Emergency

1. Register an arrival (unknown patients by gender and approximate age), arrival mode, medico-legal details.
2. Triage red / yellow / green with vitals; assign doctor and bay.
3. Disposition: admitted, discharged home, referred out, LAMA or expired.

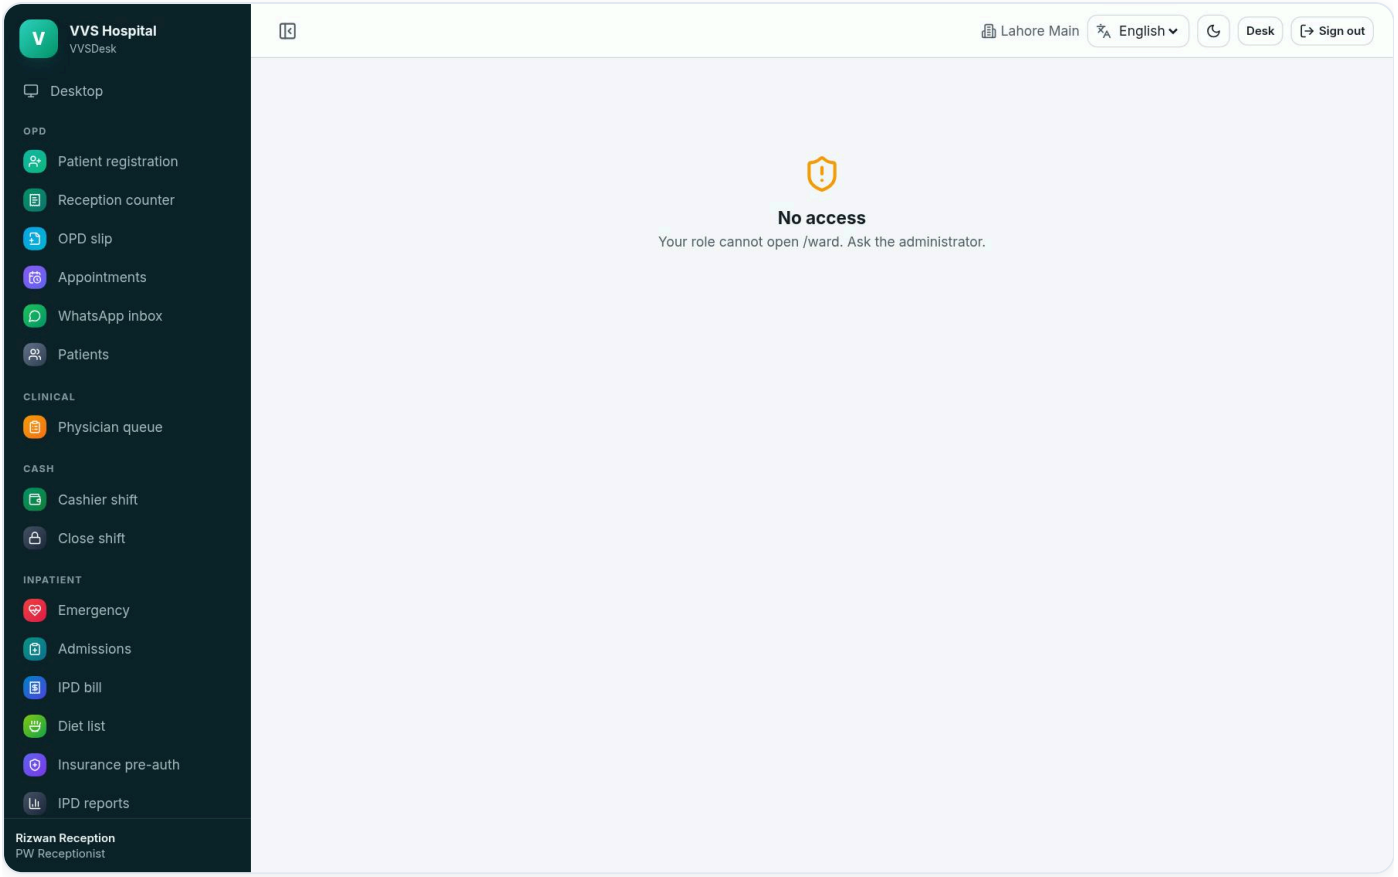

Emergency board

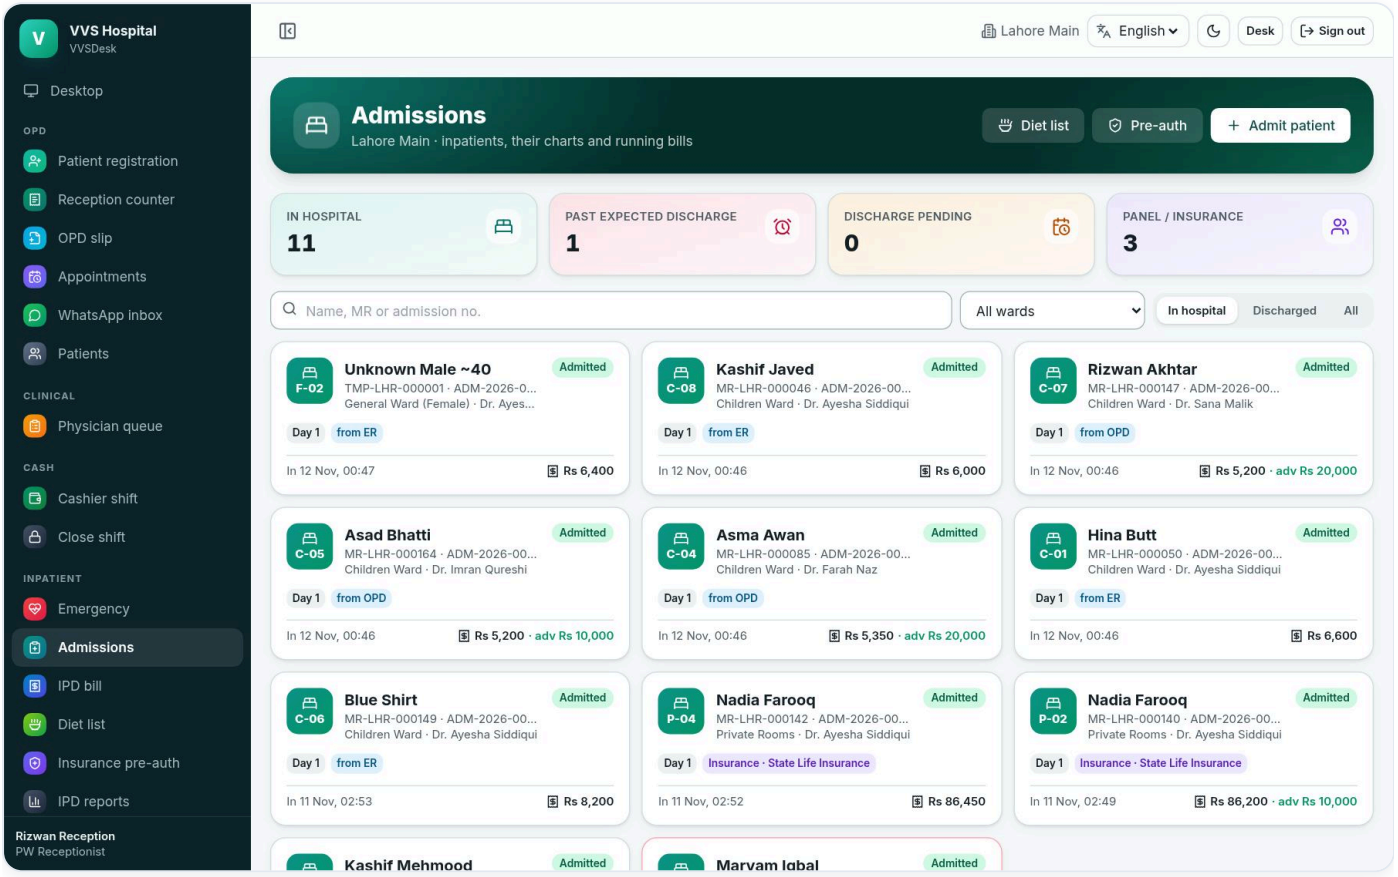

2 Admission

1. **Admissions → Admit patient**: bed, doctor, reason, diagnosis, payer, package, advance.

2. Bed days count by the midnight census.

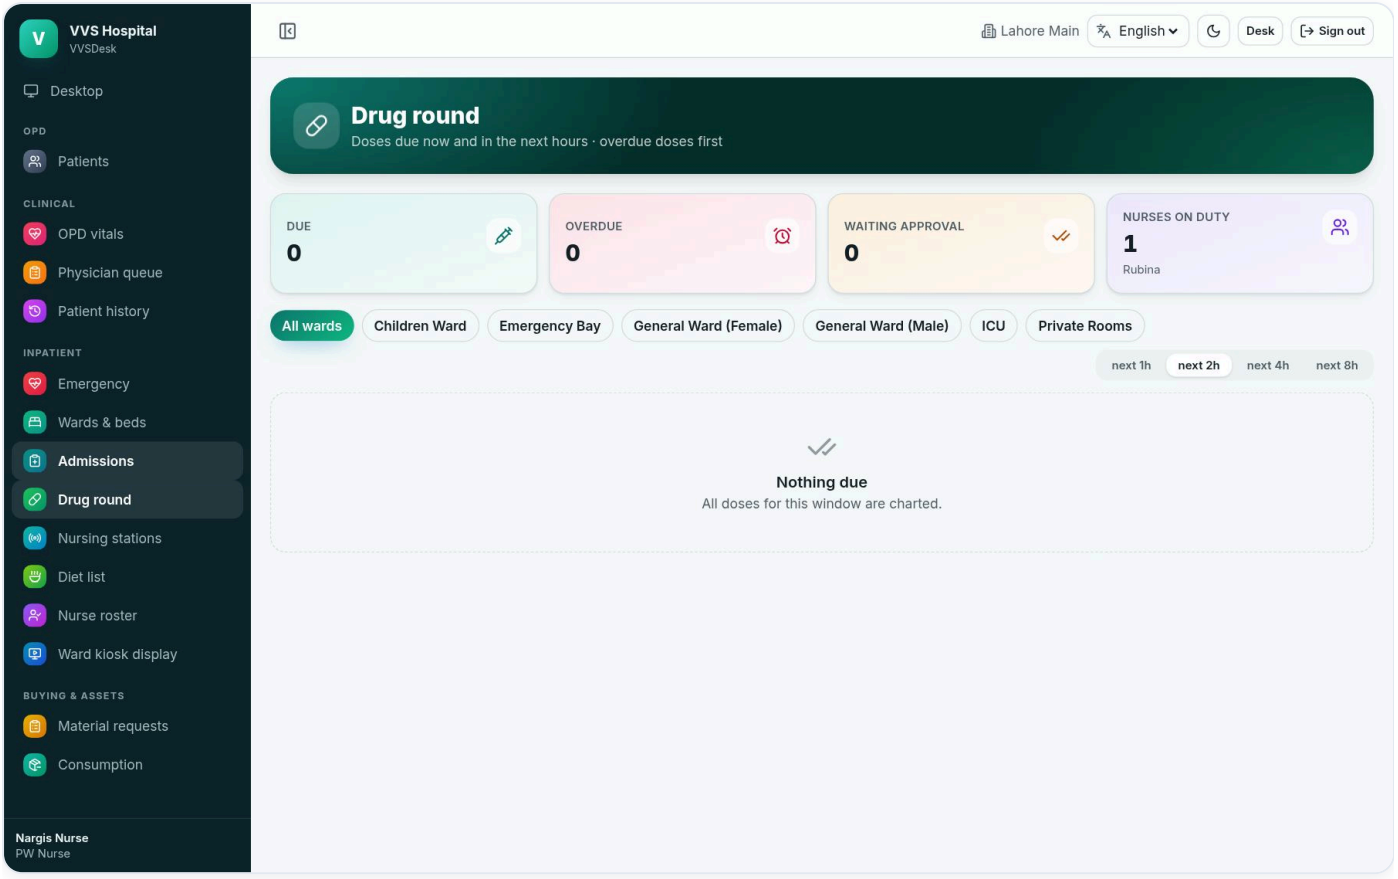

Wards & beds

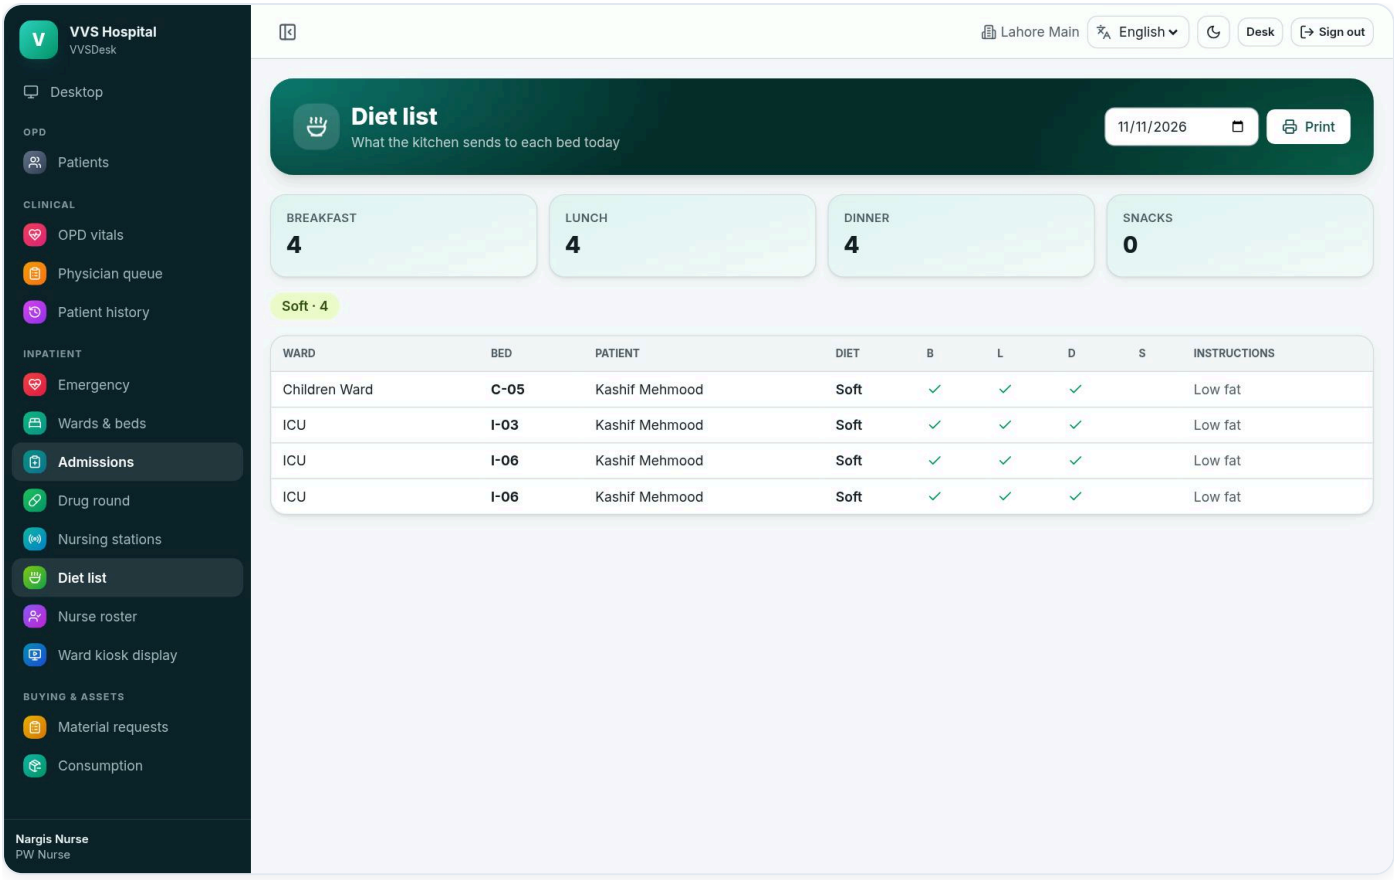

Admissions

3 Ward care

1. Vitals, nursing and progress notes, ward rounds.
2. Medicines → **Drug round**; diet → **Diet list**; procedures with consent; labs.

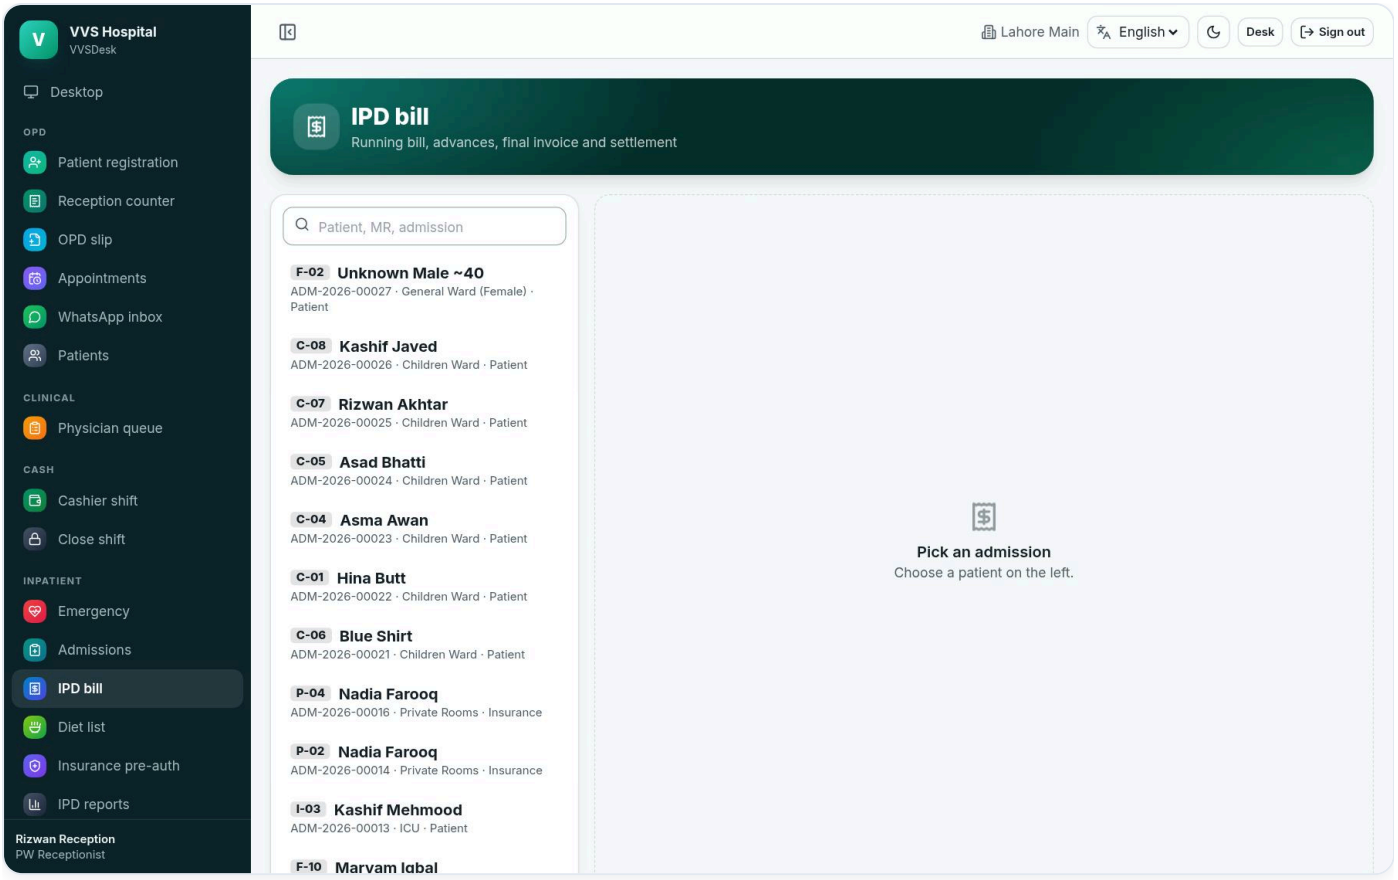

Drug round

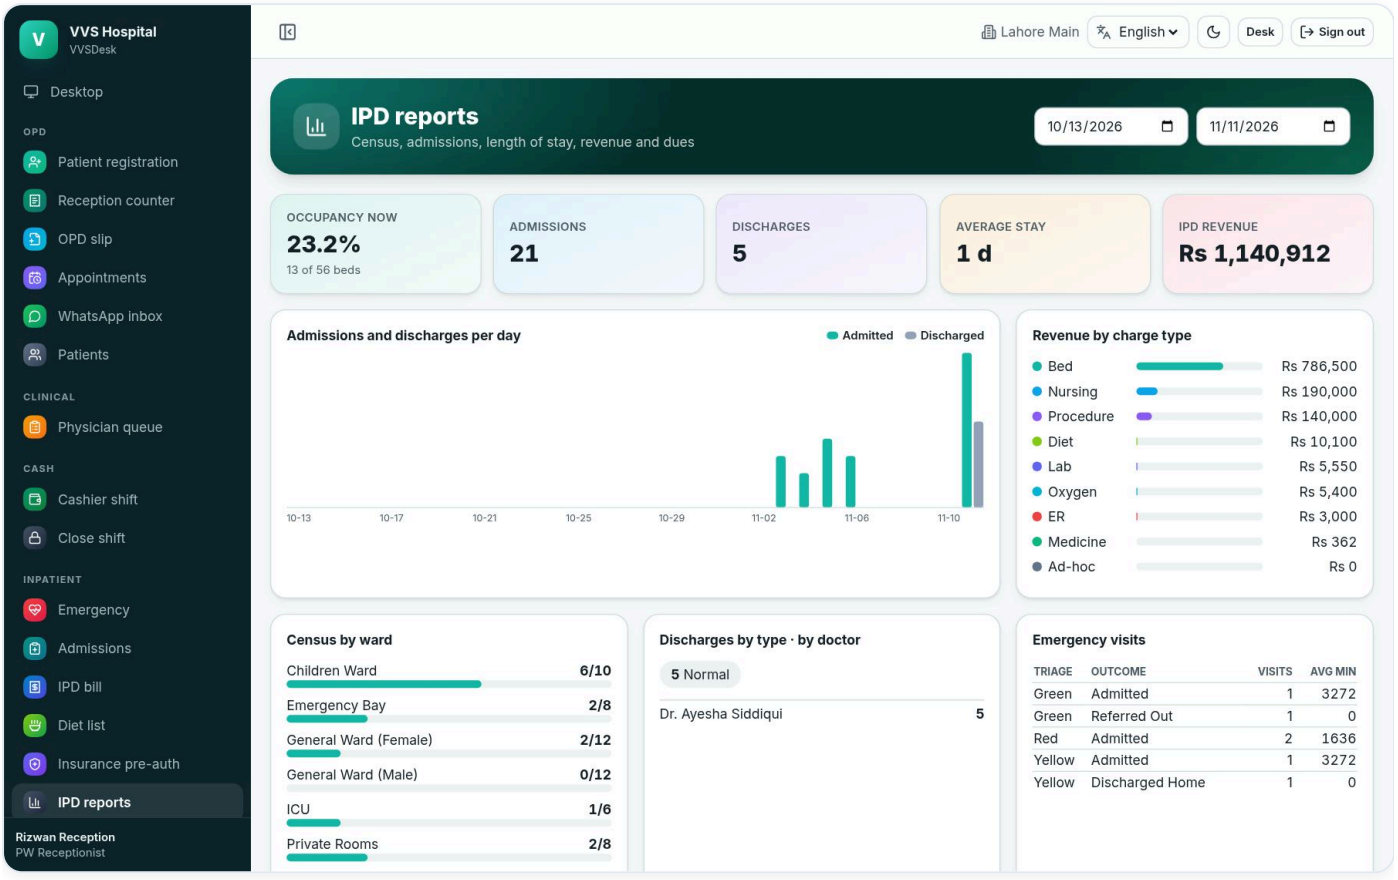

Diet list

4 Discharge and the bill

1. The doctor clicks **Sign summary**.
2. **IPD bill** → **Make final bill** (discount with approval) → settlement or refund.
3. **Complete discharge** — bed to cleaning.
