Laboratory: order to report

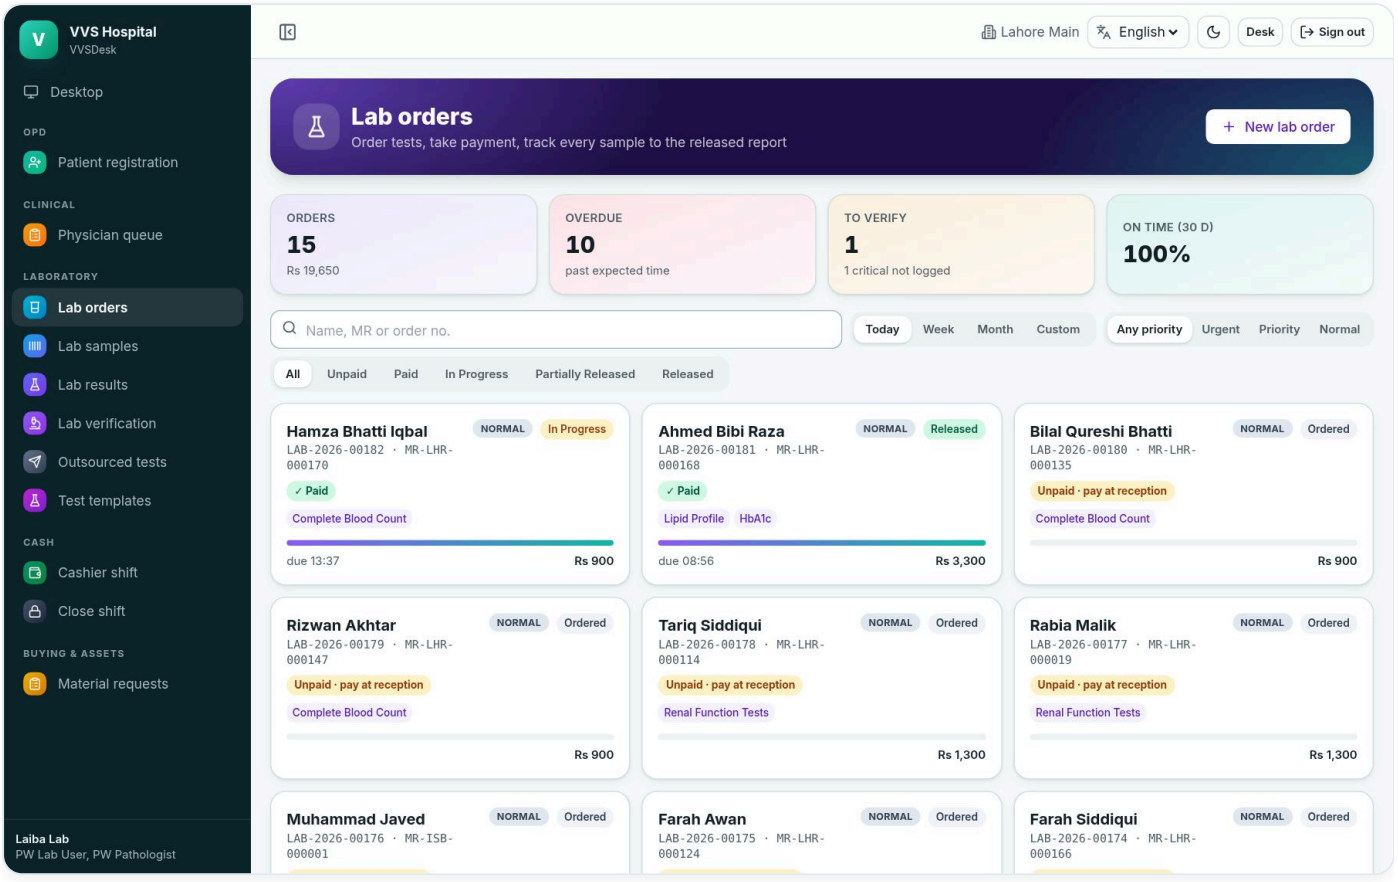

Both ways a patient reaches the lab, payment at reception before sampling, results, verification and the report.

1. Order
2. Pay at reception
3. Sample
4. Result
5. Verify
6. Report

For: Lab staff, pathologist, reception · 12 November 2026 · Open the app at /hms and follow along; each screen shown here is the live app.

1 Orders

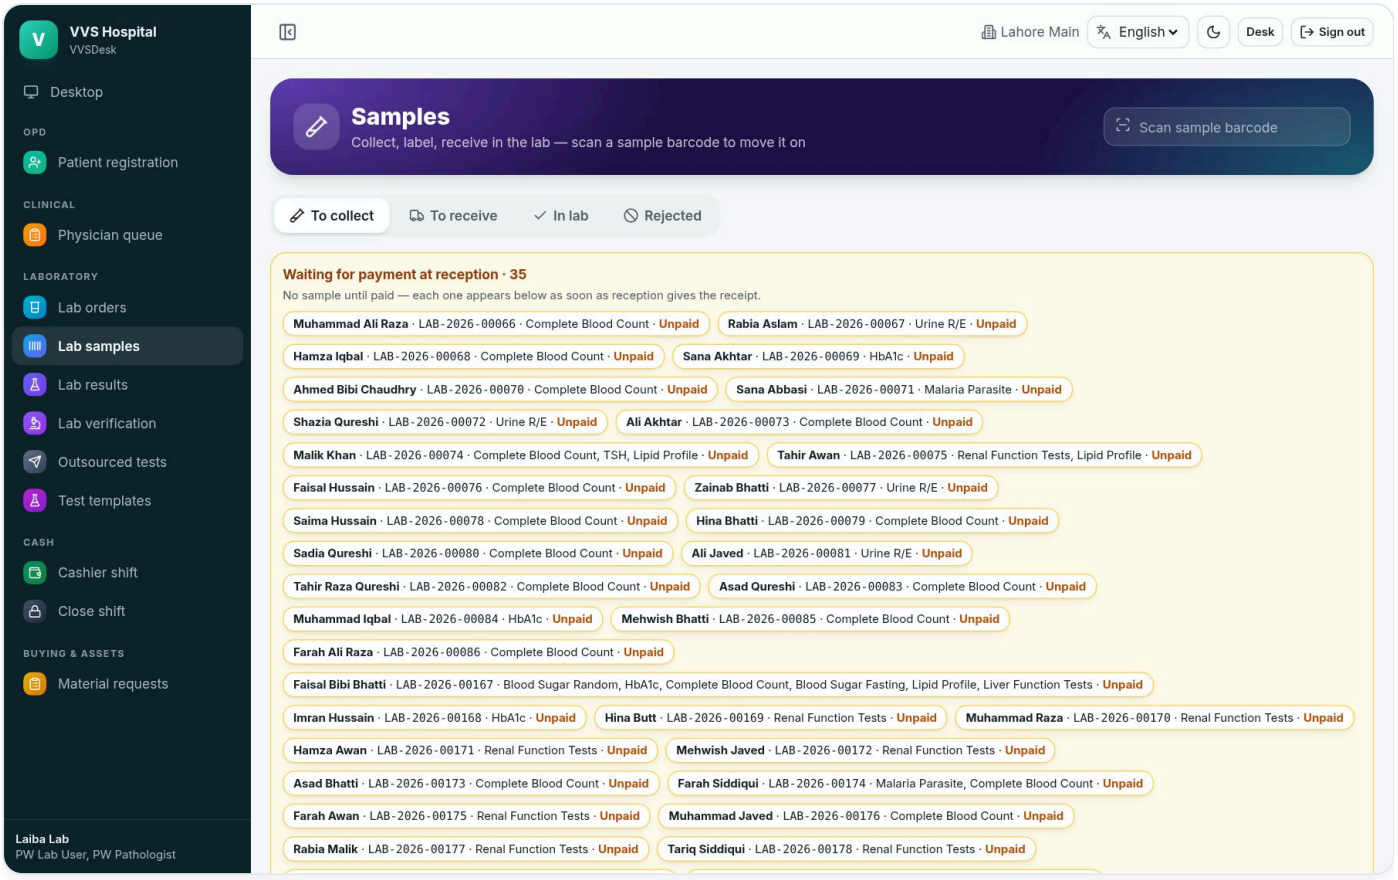

1. Sent by the doctor: already ordered, paid at the **Reception counter**.
2. Walk-in at the lab: **Register patient → New lab order → Save & send to reception**.
3. Every order shows **Paid** / **Unpaid**.

Lab orders

2 Samples

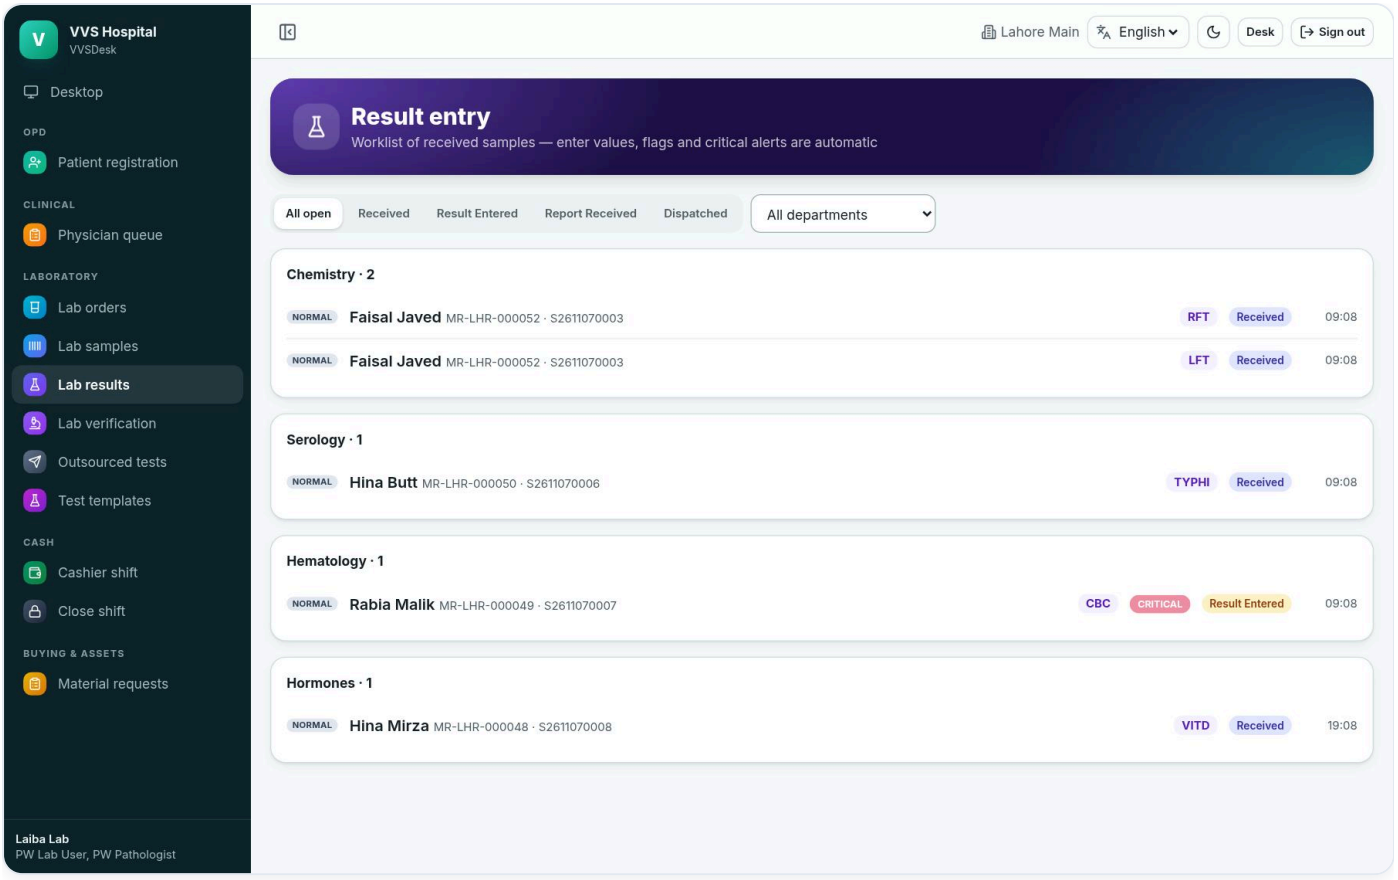

1. Only paid orders can be collected (credit: panel, insurance, admitted).
2. **Collect & print labels → Receive in lab**; **Reject & recollect** with a reason.

Lab samples

3 Results

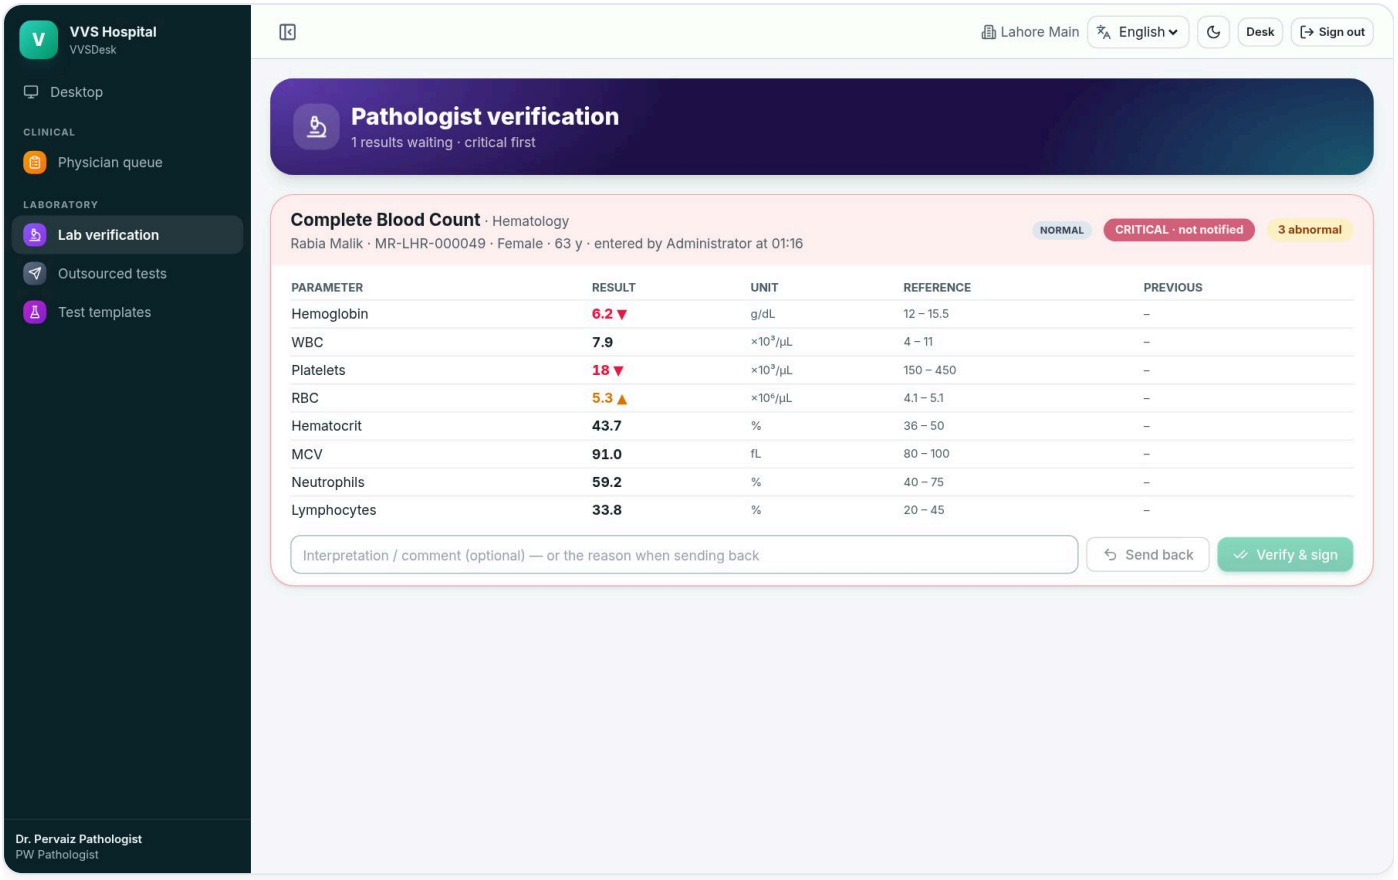

1. Values with ranges and flags; previous results shown.
2. A critical value is phoned and recorded before verification.
3. Scanned or handwritten reports can be attached.

Lab results

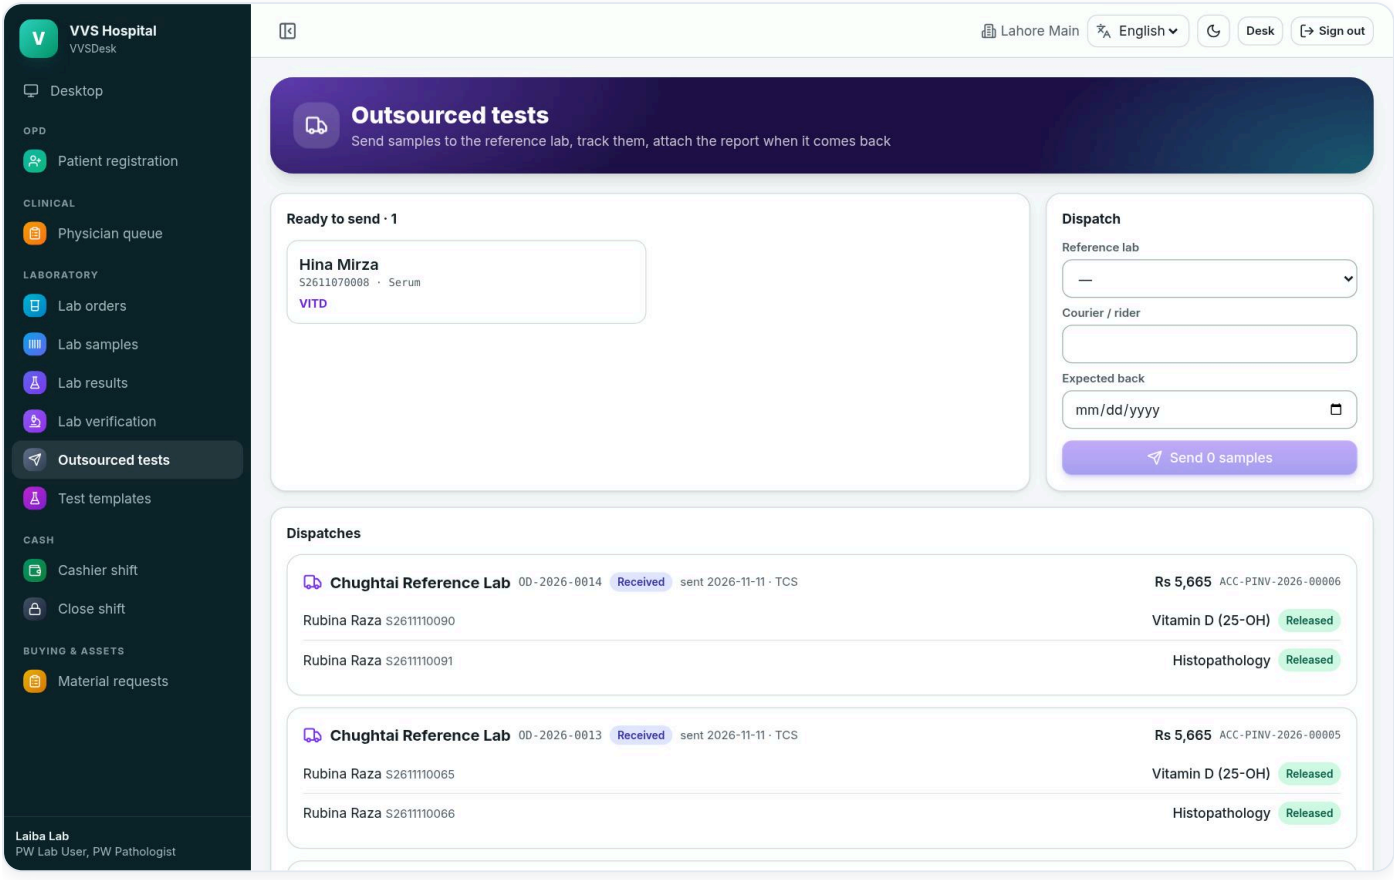

4 Verification and report

1. **Lab verification**: critical first; **Verify & sign** or **Send back**.
2. The report prints with logo, QR, signature, stamp and history; or goes on WhatsApp.

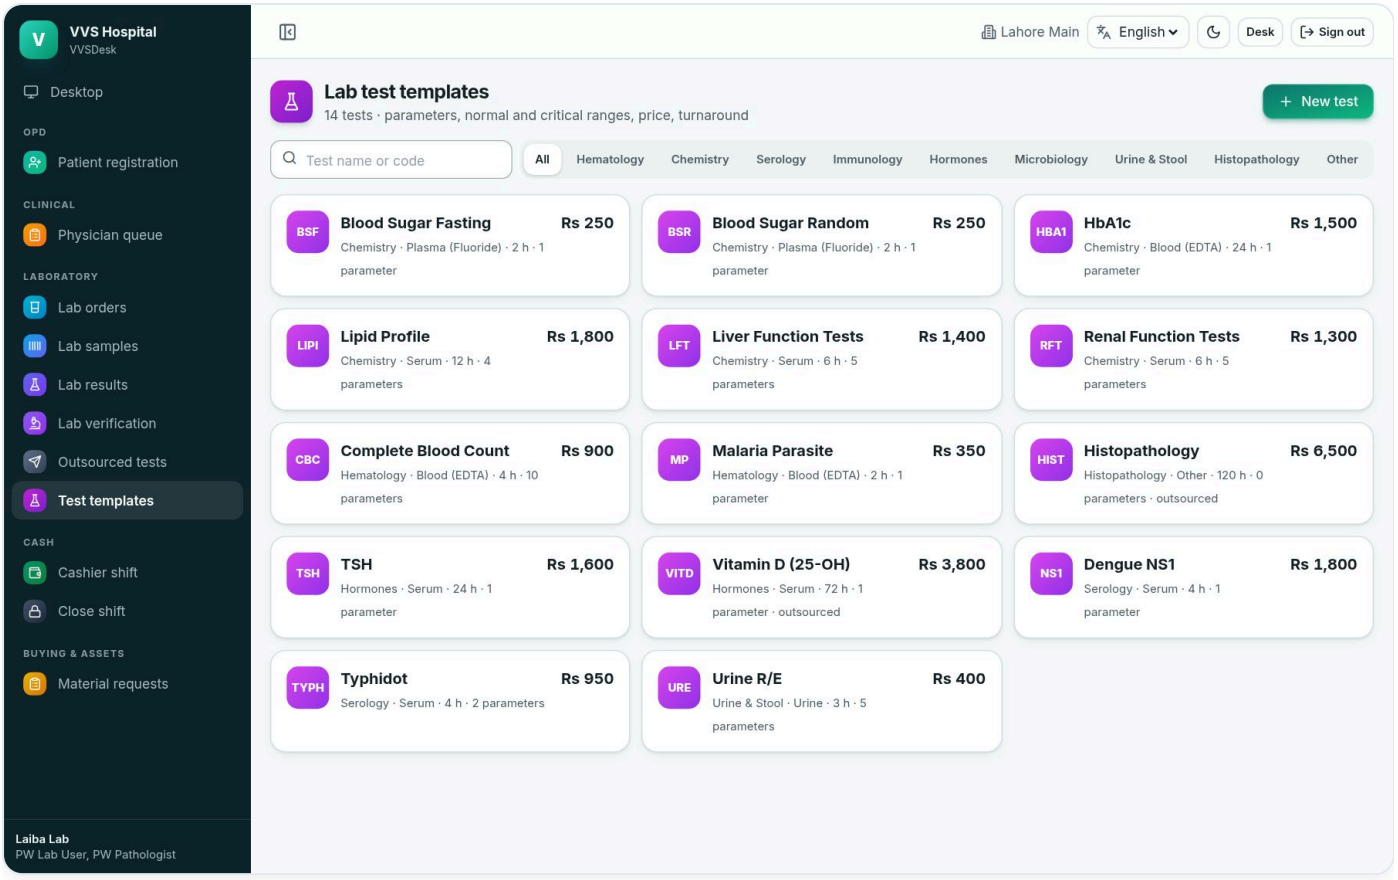

Lab verification
