Pharmacy and store

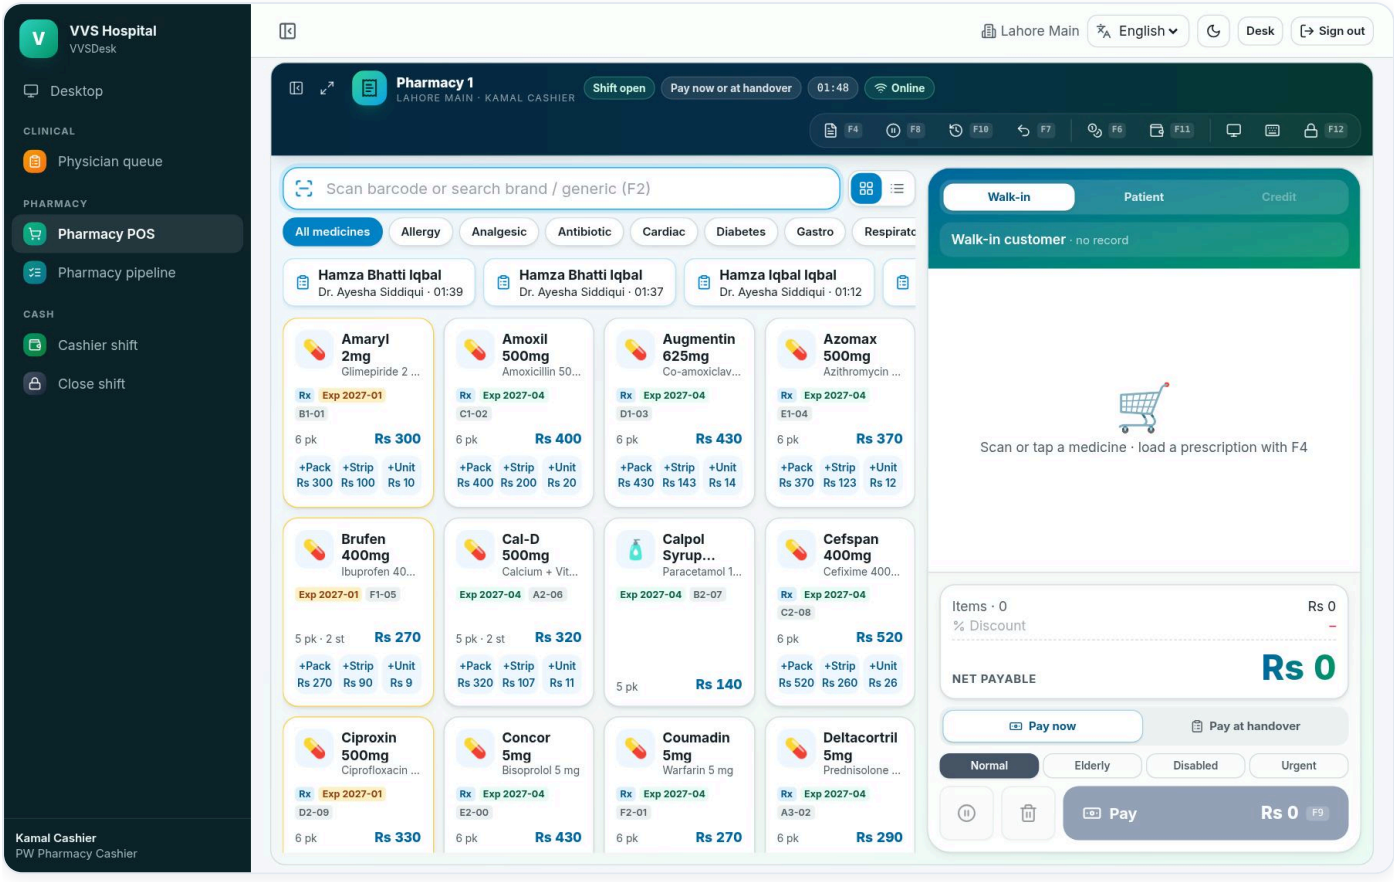

The pharmacy POS, the pick → review → handover pipeline, returns, and the medicine store.

1. POS
2. Pick
3. Review
4. Handover
5. Store

For: Pharmacy staff and store keeper · 12 November 2026 · Open the app at /hms and follow along; each screen shown here is the live app.

1 Pharmacy POS

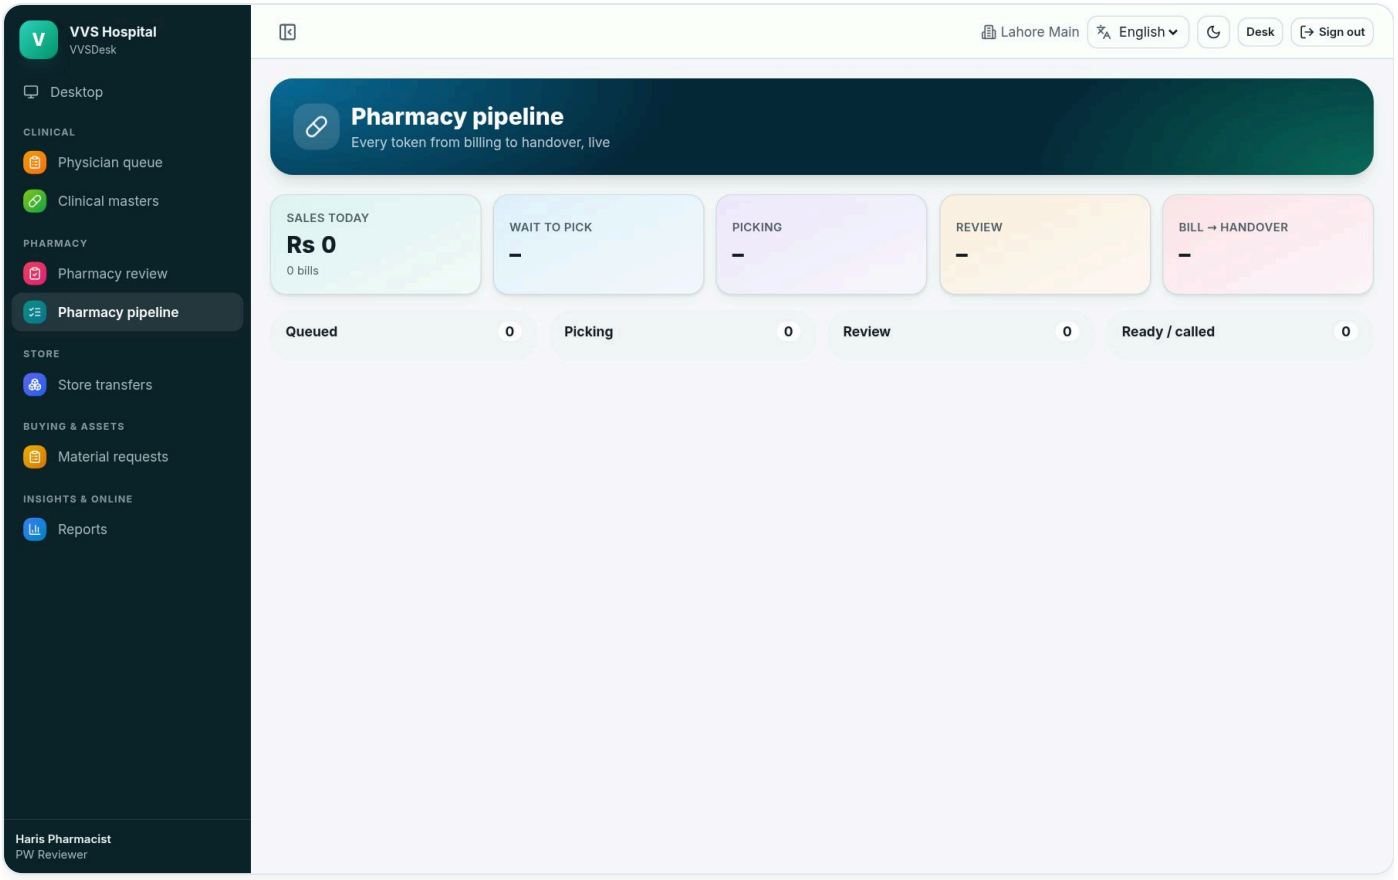

1. F4 **Load prescription** by patient, MR, mobile or Rx number; F2 search; F7 return; F10 invoices; F11 shift.
2. Walk-in, patient or credit customer; discount % or Rs within your limit.
3. **Pay now** (split tender) or **Pay at handover**; offline sales sync on reconnect.

Pharmacy POS

2 Pipeline

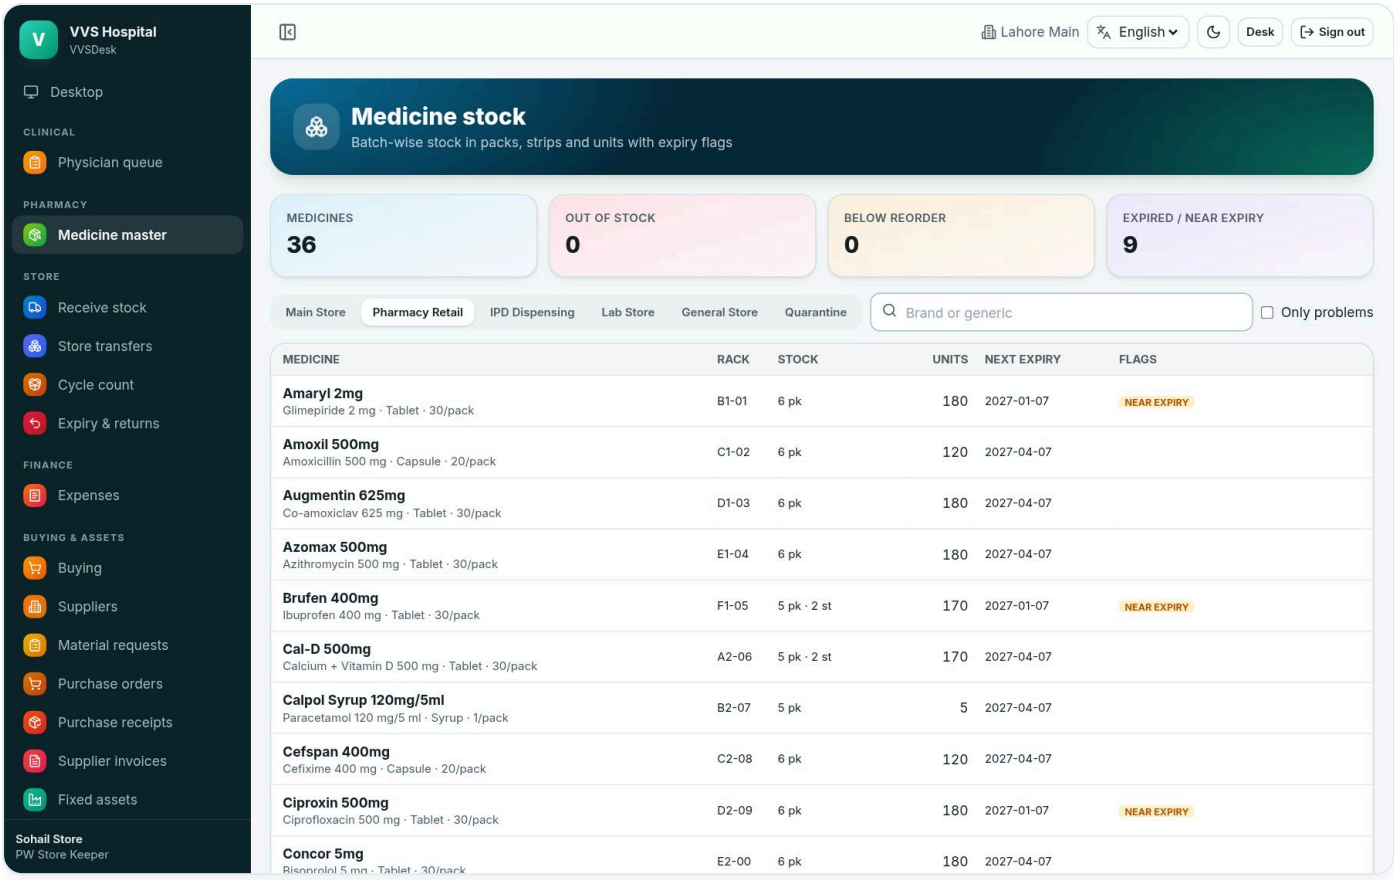

1. **Pharmacy pick** — the finder picks and scans the batch.
2. **Pharmacy review** — the pharmacist checks batch, expiry and prescription.
3. **Pharmacy handover** — hand over, take payment if pay-at-handover.

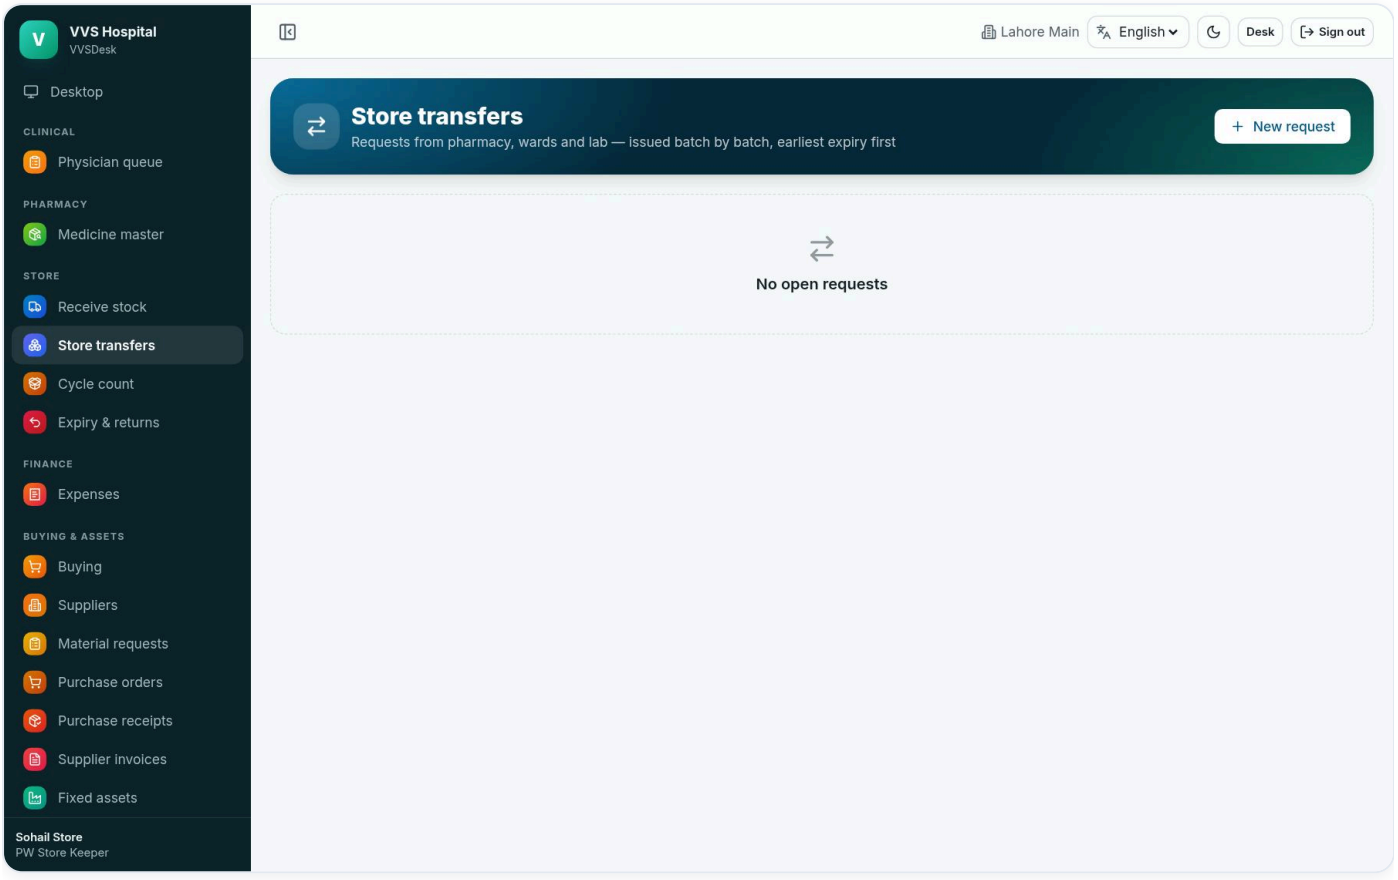

Pharmacy pipeline
